PROFESSIONAL SUMMARY

Aspiring UI/UX Designer with a BCA background and hands-on experience in designing userfriendly digital interfaces using Figma. Skilled in UI/UX design, wireframing, prototyping, visual design, and basic HTML/CSS. A fresher with academic and personal project experience, including a Family Digital Document Wallet app. Seeking an entry-level UI/UX Designer position to apply my skills and grow in a professional design team.

TECHNICAL SKILLS

- **UI/UX Design:** UI Design, UX Design, Wireframing, Prototyping, Responsive Design
- **Design Tools:** Figma, Adobe Photoshop, Adobe Illustrator
- **Web Technologies:** HTML, CSS
- **Web Development:** WordPress
- **Platforms:** LinkedIn, GitHub

PROJECTS

FAMILY DIGITAL DOCUMENT WALLET (Mobile App)

- Designed a mobile app to store and manage family documents in one place.
- Created the UI/UX design and prototype using Figma.
- Designed screens for onboarding, dashboard, documents, reminders, family members and profile.
- Added document categories, search, family access, and expiry reminders.
- Included PIN and biometric security concepts for protecting documents.
- Completed the project with a focus on simple, secure, and user-friendly document management.

JArtistry (Website)

- Designed a responsive website to showcase and explore the handmade artworks of a single artist.
- Created the website UI/UX and prototype using Figma.
- Designed pages for the home, artwork exploration, categories and customization.
- Added features such as artwork search, viewing, liking, commenting and getting inspiration included Charcoal drawings and Nettippattam artworks with customization options.
- Completed the project with a focus on creating a simple and engaging experience for exploring the artist's artwork.

INTERNSHIP / EXPERIENCE

SMEC Technologies - (2026)

UI/UX Intern

Responsibilities

- Assisted in creating user-friendly web and mobile UI designs using Figma.
- Created wireframes, layouts, and prototypes while applying typography, color, spacing, and responsive design principles.

Achievements

- Contributed to assigned UI/UX design tasks based on project requirements.
- Gained practical experience in Figma, prototyping, design consistency, and user-centered design.
